Summary

I used to be a programmer and am looking to get back into it. I have been studying and working hard for the last year. I do front end and back end, focusing mostly on the MEN and MERN stacks. I am seeking fulltime employment as a web developer and a chance to learn and produce.

Work History

Position	Location	Years	Duties
Web Developer	Self-employed	2017 – present	Working as a freelance web developer, building web sites for clients. I build sites to customer specifications.
Guitarist and Music Instructor	Self-employed	1987 – present	Playing guitar in many styles in bands of many sizes (mostly jazz) and composing/arranging. Teaching guitar lessons, privately and in classes.
Tutor/Writer	Self-employed	2005 – present	Helping high school and college students in subjects such as math, science, English, writing, and music theory/history. Grant proposal writer and board member of a nonprofit.
Musician, Musical Director	Carnival Corp. Miami, FL	2011 – 2013 2001 – 2005 1997 – 2000	Working as a musician on a cruise ship, and as Musical Director, managing all musicians on the ship. I was a member of evacuation team.
Module Technician, Programmer	Intel Corp. Aloha, OR	1989 – 1995	Developing, maintaining and running LPCVD furnace processes in a development clean room and participating in the ERT. In response to a department need, I wrote two computer programs (first in Pascal and then self-taught C). Based on popularity, these were migrated to all departments.
